Thanks, Tala. I'm not seeing a lot of overlap in invitees for these meetings – only you and Betsy Behl. Maybe you can send someone to the PFAS Toxicity Values meeting. Calendars are very tight the next few days.

Tanya

Nancy/Charlotte/Tanya,

It has been brought to my attention that there is significant overlap in necessary attendees (in both OPPT and OW) between this meeting and the Agency group coordinating on toxicity values for PFAS for the high priority Action Plan. Any chance of rescheduling by an hour or swapping days with OLEM?
